(Affiliated to Panjab University Chandigarh)
(Re-accredited by National Assessment & Accreditation Council,Bangalore)

No. 580 Date 27th April, 2017

To
Secretary SES
Sikh Educational Society
Chandigarh.

Subject: - Regarding feedback of ERP Solution Demo.

Respected Sir,

As per the demo of ERP Solution given by three companies namely SPIC (March 2017), Campus WHIZZ (21.04.2017) & Macwill (24.04.2017) dated. We are hereby submitting feedback of the same based on all discussion on technical grounds by the committee comprised of computer Department faculty & other staff stakeholders. Kindly consider the report to finalize the ERP Solution for the college.

The matter has been discussed in detail and the feed back has been considered. Campus Whizz seems to be the best option out of the three. It is hence recommended that the order be given to Campus Whizz. The vendor should be called immediately and after price negotiations the order should be placed and considering the paucity of time the work should be started immediately.

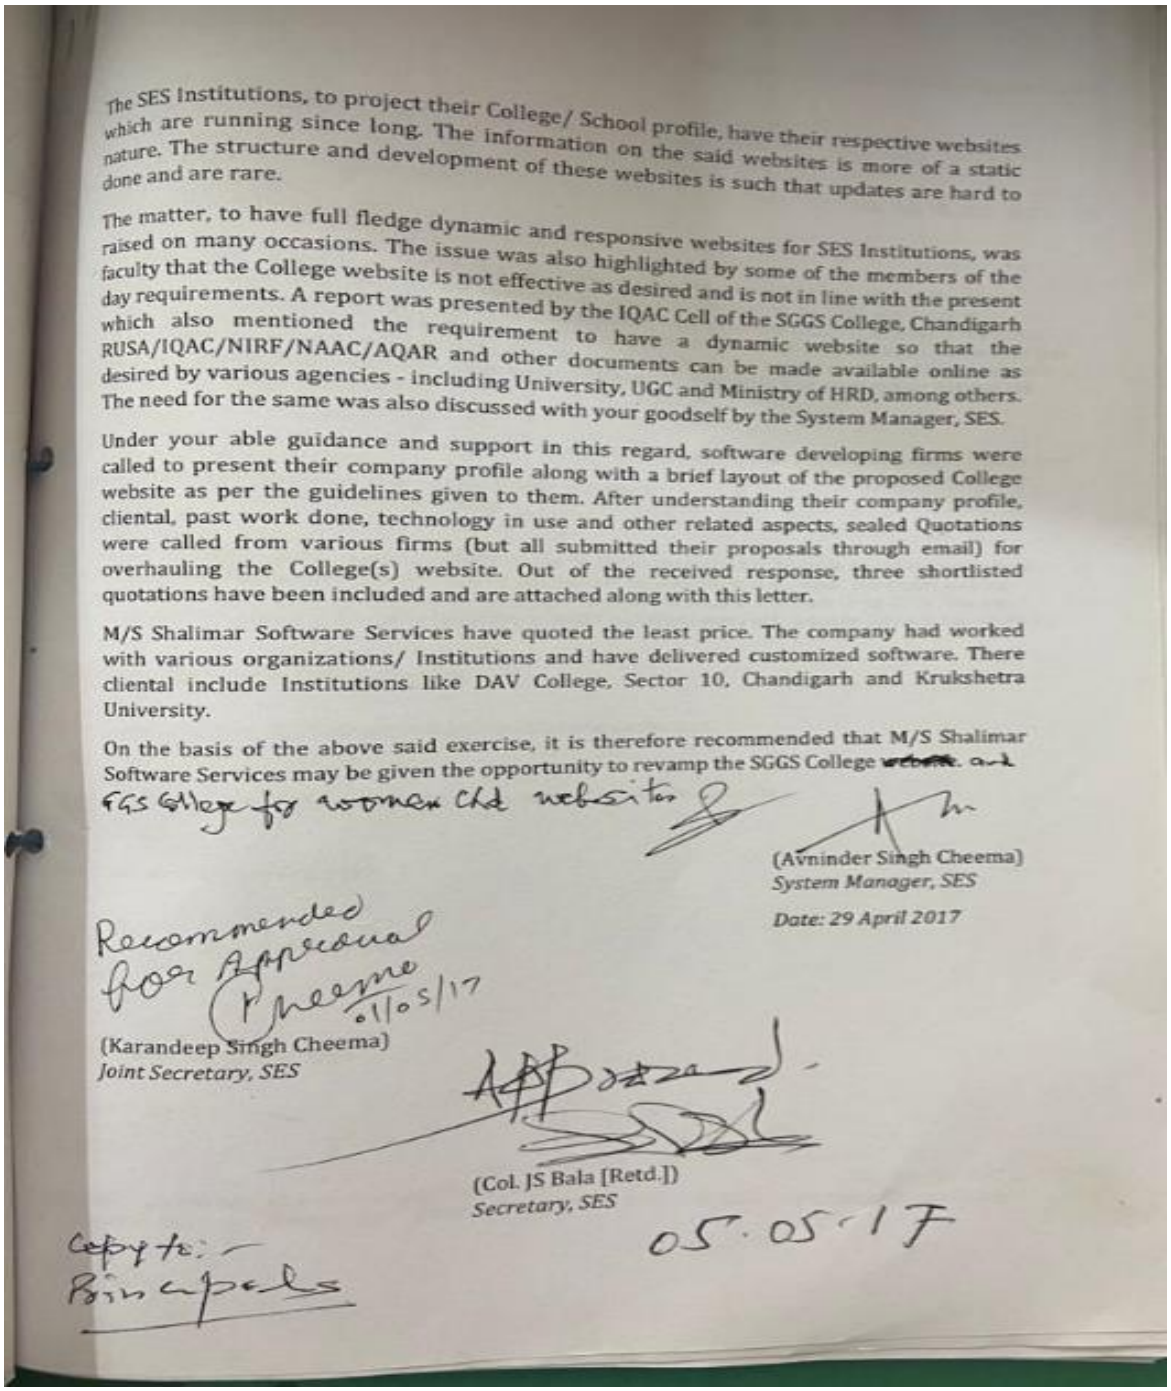
RECOMMENDATION FROM COLLEGE MANAGEMENT



The SES Institutions, to project their College/ School profile, have their respective websites which are running since long. The information on the said websites is more of a static nature. The structure and development of these websites is such that updates are hard to done and are rare.

The matter, to have full fledge dynamic and responsive websites for SES Institutions, was raised on many occasions. The issue was also highlighted by some of the members of the faculty that the College website is not effective as desired and is not in line with the present day requirements. A report was presented by the IQAC Cell of the SGGS College, Chandigarh which also mentioned the requirement to have a dynamic website so that the RUSA/IQAC/NIRF/NAAC/AQAR and other documents can be made available online as desired by various agencies - including University, UGC and Ministry of HRD, among others. The need for the same was also discussed with your goodself by the System Manager, SES.

Under your able guidance and support in this regard, software developing firms were called to present their company profile along with a brief layout of the proposed College website as per the guidelines given to them. After understanding their company profile, clental, past work done, technology in use and other related aspects, sealed Quotations were called from various firms (but all submitted their proposals through email) for overhauling the College(s) website. Out of the received response, three shortlisted quotations have been included and are attached along with this letter.

M/S Shalimar Software Services have quoted the least price. The company had worked with various organizations/ Institutions and have delivered customized software. There clental include Institutions like DAV College, Sector 10, Chandigarh and Krukshetra University.

On the basis of the above said exercise, it is therefore recommended that M/S Shalimar Software Services may be given the opportunity to revamp the SGGS College ~~website~~. and SGS College for women Chd website

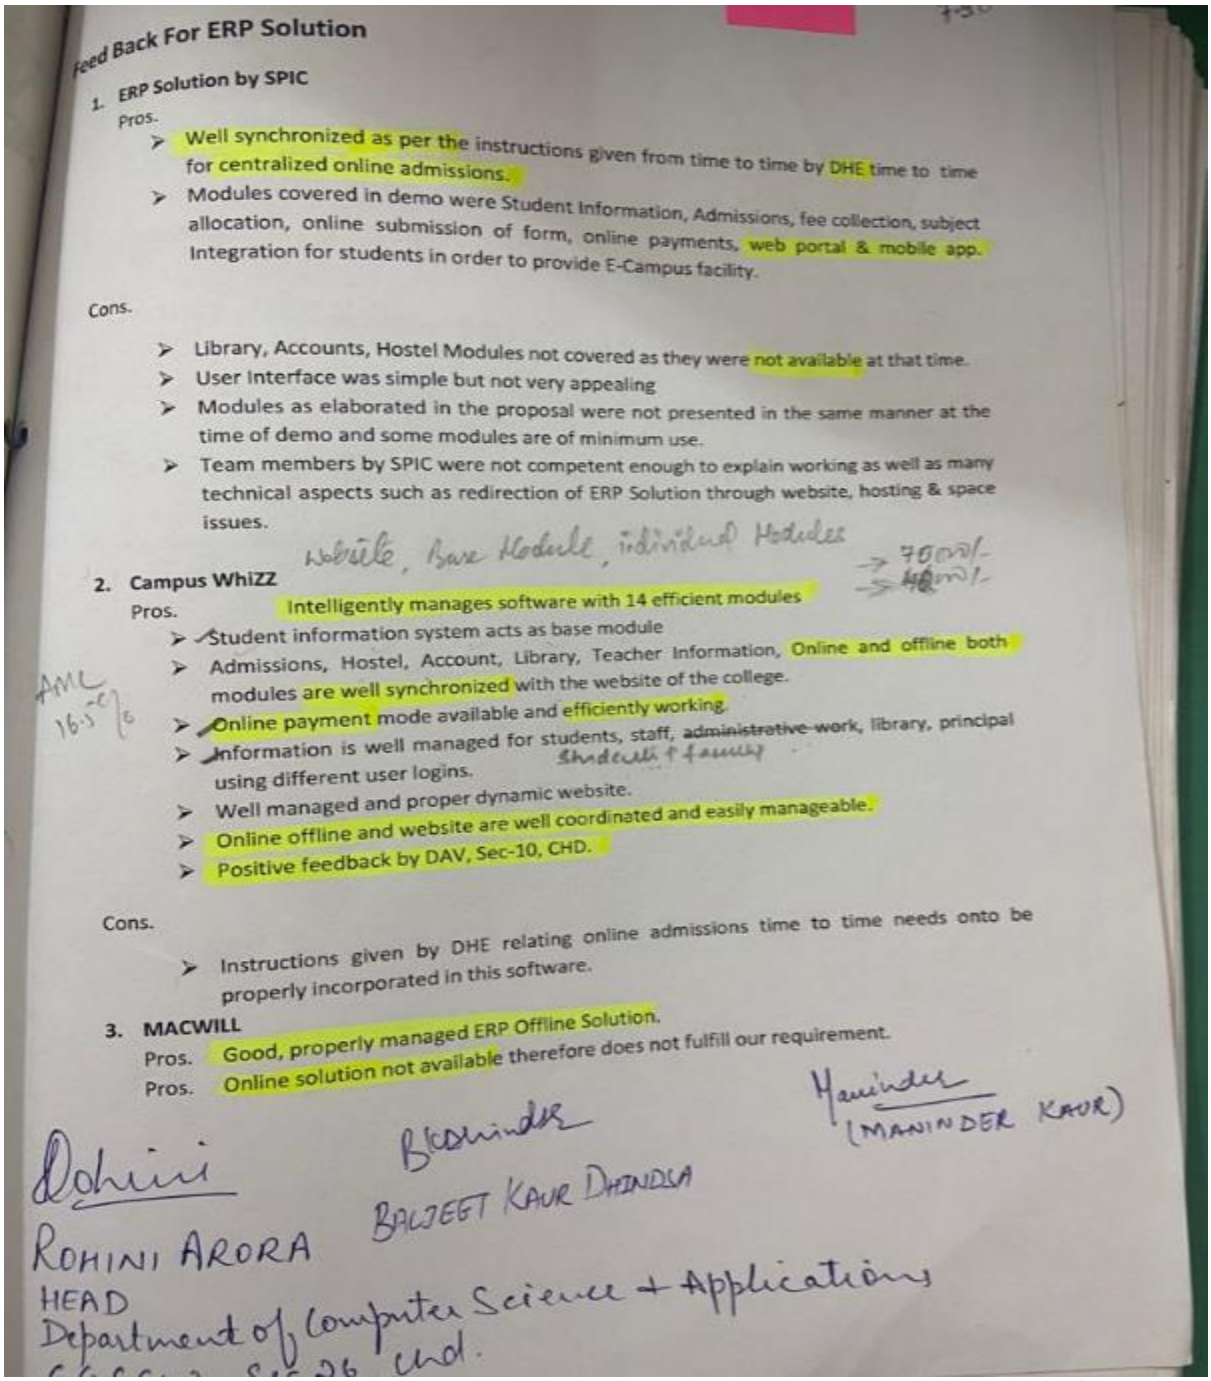
FEEDBACK ON ERP



Feed Back For ERP Solution

1. ERP Solution by SPIC

Pros.

- Well synchronized as per the instructions given from time to time by DHE time to time for centralized online admissions.
- Modules covered in demo were Student Information, Admissions, fee collection, subject allocation, online submission of form, online payments, web portal & mobile app. Integration for students in order to provide E-Campus facility.

Cons.

- Library, Accounts, Hostel Modules not covered as they were not available at that time.
- User Interface was simple but not very appealing
- Modules as elaborated in the proposal were not presented in the same manner at the time of demo and some modules are of minimum use.
- Team members by SPIC were not competent enough to explain working as well as many technical aspects such as redirection of ERP Solution through website, hosting & space issues.

Website, Base Module, individual Modules → 70000/- → 40000/-

2. Campus WhiZZ

Pros.

- Intelligently manages software with 14 efficient modules
- Student information system acts as base module
- Admissions, Hostel, Account, Library, Teacher Information, Online and offline both modules are well synchronized with the website of the college.
- Online payment mode available and efficiently working.
- Information is well managed for students, staff, ~~administrative~~ work, library, principal using different user logins. Students + Faculty
- Well managed and proper dynamic website.
- Online offline and website are well coordinated and easily manageable.
- Positive feedback by DAV, Sec-10, CHD.

Cons.

- Instructions given by DHE relating online admissions time to time needs onto be properly incorporated in this software.

3. MACWILL

Pros. Good, properly managed ERP Offline Solution.

Pros. Online solution not available therefore does not fulfill our requirement.

To whom so ever it may concern

This is to certify that M/s Contemporary Software Services Pvt. Ltd., Mohali are handling designing, development, hosting and 24x7 maintenance of our web site www.ggscw.ac.in and complete admission portal as well as total College ERP software for the past more than 3 years. The web site, dynamic in nature, is updated through a backend content management software system. We are satisfied with their services.

Feedback Report regarding working of ERP Software at employee end

ERP Software "Campus Whizz" was introduced to us in the session 2017-18. All the activities of the admission, Fee Collection (Offline as well as Online), Refunds, Subject Allotment, Subject Change, Recording of Attendance of Students, Semester Examination Awards, Hostel Fee Collection and generation of various reporting like Daybook, and other fee reports of students have been successfully generated during the session. Salary Module has been working parallel with other modules. Salary of all the months were tallied successfully.

Any request for change or addition of any report is promptly done by the Software party from time to time.

Thus, we are satisfied with the services provided till date.
