## Recommendations

1. The number of courses being offered can be supplemented by adding more skill oriented courses keeping in line with the vision of the NEP.
2. There is a need to motivate faculty to apply for research projects and grants. The Research Cell needs to be pro-active and research summary of each faculty member should be uploaded on the college website.
3. Student teacher ratio needs to be lowered as per accreditation norms.
4. The Placement Cell needs to be strengthened and work in tandem with the need for skilled graduates in the contemporary professional world. More career opportunities need to be identified and provided by involving all stake holders.
5. More institute – industry interface is required by involving corporates.
6. More remedial classes should be organised on the department/subject level. Information regarding all these classes should be made available on the website.
7. Google form link for student progression to higher education and employment can be made available on website for better data collection.
8. Alumni Association should be more active and more participative in the overall progress of the institution.

### ACADEMIC AUDIT 2020-21

### REPORT

**INTRODUCTION:** The mechanism of Academic Audit aims at effective delivery of knowledge and ensures excellent quality of research in higher education institutions. This practice is adopted regularly in the College through the IQAC. With the Covid pandemic changing the course of learning at the end of session 2019-20, the present session 2020-21 commenced totally in the online mode. The University Examinations of Even semesters of previous session were held in online mode as were both Semesters of session 2020-21. The Mid-Semester House Examinations were also held in online mode. The transition to the online mode of teaching and learning was full of challenges for the teacher as well as the student. Several limitations were identified keeping in view the availability of resources with students.

With this background in mind, the Proforma for Academic Audit was modified and inputs regarding availability of learning resources online were added in the form. Also, additional changes were made in the Proforma for Curriculum and Method of Teaching framework and Evaluation System. The area of social relevance has been included in the form, as it is now a keystone in the arch of academics. Almost 65% of the total score of 450 is based on Academic practices.

The following parameters are in place for the Academic Audit:

S.No.	Criteria	Max Score
1.	Administrative Practices	80
2.	Academic Practices	290

	(i) Human resources - 140	
	(ii) Curriculum and method of teaching - 55	
	(iii) Evaluation system - 95	
3	Research Practices	55
4	Extra-curricular and Extension activities	25
5	Total	450

## FINDINGS:

The detailed study of the Academic Audit for the session 2020-21 reveals the following points

- (i) The range of total score obtained was 295-405/450. 10 Departments obtained Grade A and 6 obtained Grade B. The highest score of 410 was obtained by Dept of Fine Arts and minimum that of 275 by Dept of Political Science.
- (ii) The parameters of **Administrative Practices** include aspects like departmental records, external funding, documentation etc. It was seen in the score that the Departments of Political Science, Home Science, Music, Physical Education need more stimulus and better plan of action in this criteria
- (iii) With respect to **Academic Practices**, sub-category of **Human Resources**, the Commerce Faculty, Computer Science and Applications and Departments of History, Fine Arts, Psychology, Physical Education scored well. But, Departments of Punjabi, Political Science, Public Administration have fallen in the low performing list  
In the second sub-category i.e. **Curriculum and Method of Teaching**, the Department of Computer Science and Applications performed superlatively well with a score of 50/55, followed closely by Commerce with 45/55. The effect of shift to online teaching and learning is visible in this parameter and here it is again Department of Punjabi with a score of 25/55, which needs to adapt and re-invent itself.  
With respect to the field of **Evaluation System**, the College follows the Panjab University norms for evaluation and internal assessment. The results of Internal Mid Semester exams are available within required time frame, but the Final end-semester

examination results are declared by the University. This session, all examinations were held in the online mode. Departments of practical subjects have performed very well as have smaller Departments.

- (iv) In the area of **Research Practices**, the Commerce, Science faculties and Fine Arts Department performed exceedingly well with a score of 40/55 each. However, the nil score of Punjabi and Physical Education is a cause for concern as is History with 10/55.
- (v) **Extra-curricular and Extension activities** were conducted mostly in the online mode throughout the session, Students won prizes at Inter-College levels as well. Industry interaction could not be satisfactorily conducted due to the pandemic. The Departments of Science and Psychology obtained full score and must be commended for their efforts.

## SUGGESTIONS AND FEEDBACK

- Departments of Punjabi, Political Science, Public Administration must be more pro-active in attending Seminars, Conferences and engage in keeping up with latest developments in their fields.
- A mechanism must be developed wherein Departments with single Faculty members regularly interact with Dean, Academics and compare their administrative practices with multi-faculty Departments.
- The next Academic Audit may incorporate a subjective parameter like Best Practice of the Department which can be graded by Head of Institution in consultation with Dean, Academics and Academic Development Council.
- Uniform record keeping and documentation frameworks can be provided to all Departments.

ACADEMIC AUDIT 2019-20

### REPORT

**INTRODUCTION:** Keeping in mind the changing dynamics of higher education, every institution has to evolve and re-invent its methodology for continuous quality control. Academic and Administrative Audit play a pivotal role in this regard, whether it is for conforming to quality control measures or the need to evolve a relevant mechanism for academics and administration. Academic Audit for the session 2019-20 was conducted by IQAC. The purpose of the Audit was to ensure that the Academic practices followed by the College were in consonance with the quality control measures desired by accreditation agencies-

- Assuring quality in teaching standards
- Monitoring of teaching standards
- Focus on research practices
- Remedial measures
- Extension and co-curricular activities

The following parameters are in place for the Academic Audit:

S.No.	Criteria	Max Score
1.	Administrative Practices	100
2.	Academic Practices	270

3.	Research Practices	55
4.	Extra-curricular and Extension activities	25
5.	Total	450

## FINDINGS:

The detailed study of the present Audit reveals the following points:

- (i) The range of total score obtained was 260-345/450. Ten Departments obtained Grade A and six obtained Grade B. The highest score of 345 was obtained by Faculty of Science and minimum that of 240 by Dept of Political Science.
- (ii) The parameters of **Administrative Practices** include aspects like departmental activities, external funding, documentation etc. It was seen in the score that the Departments of Political Science, Punjabi, Sociology must re-look certain aspects of the same.
- (iii) With respect to **Academic Practices**, sub-category of **Human Resources**, the Departments of English, Punjabi, Fine Arts and Commerce Faculty performed well following all requisites.

In the second sub-category i.e. **Curriculum and Method of Teaching**, the Department of Punjabi must adopt better norms and seek guidance about improving score. Other Departments performed relatively better and there is scope for bettering the scores.

With respect to the field of **Evaluation System**, the College follows the Panjab University norms for evaluation and internal assessment. The results of Internal Mid Semester exams are available within required time frame, but the Final end-semester examination results are declared by the University.

- (iv) In the area of **Research Practices**, the Departments of Political Science, Hindi, Punjabi, Economics, Physical Education obtained low score. Departments of English, Psychology, Home Science and Commerce, Computer Science faculties performed well.
- (v) Almost all Departments showed keen participation in **Extra-curricular and Extension activities**, throughout the session, fetching numerous prizes at Inter-College levels.

## SUGGESTIONS AND FEEDBACK

- The entire exercise of the Academic Audit must include the analysis of feedback from all stakeholders, to make it more comprehensive. This feedback is available in AQARs and SSRs and can easily be incorporated into the Academic audit mechanism.
- In the area of research practices, the departments which have low scores must introspect and look for measures to rectify their short comings. Research practices cannot be sidelined at any cost and are vital to overall academic well being of the learner.
- A centralized system of academic documentation can be established for collecting, analyzing data to ensure uniformity in processes.

## FINDINGS:

The detailed study of the present Audit reveals the following points:

- (i) The range of total score obtained was 240-330/450. Eleven Departments obtained Grade A and five obtained Grade B. The highest score of 330 was obtained by Department of Commerce and that of 240 by Department of Political Science.
- (ii) In terms of **Administrative Practices**, it was found that most Departments were sensitive to key issues related to the same and followed procedures. But the Departments of Political Science and Physical Education need to re-examine their Administrative functioning and improve the scores.
- (iii) With respect to **Academic Practices**, especially **Human Resources**, the Faculty of Science, Computer Science, Dept of Political Science and Public Administration need to reform and reach required parameters. - (v) In the last category of **Extra-curricular and Extension activities**, most Departments were involved in various activities throughout the session, fetching numerous prizes at Inter-College levels.

## SUGGESTIONS AND FEEDBACK

- All Departments and Faculty members should be sensitized to the exercise of the Academic Audit in the beginning of each session to enhance the earnestness and authenticity of the same.
- The achievements of Departments which have performed exceptionally well must be recognized in order to motivate their peers.
- These Departments can mentor those which perform lower in the scale and encourage them to bring up their performance.

Out of the 40 regular students – 10 attended every class, 15 attended for 33 days, 10 attended for 33 days and 5 attended by 30 days. Overall attendance will be calculated as under.

Enrollment: 43

Drop-out: 3

Regular students: 40

Available days: 40 X 40 i.e. 1600

Actual days: (10 X 40) + (15 X 35) + (10 X 33) + (5 X 30) = 400 + 525 + 330 + 150 = 1405

Overall attendance: (1405 / 1600) X 100 = 87.81%

DATE: April 29, 2022

### FEEDBACK FORM

It was a great experience conducting the placement drive. The whole team was very helpful and supportive. All the students participated with full confidence and enthusiasm.

One suggestion: if students could practice more practically. They have good theoretical knowledge but lack a bit in practical.
